

Fairgrounds Park Master Plan

A Fairgrounds Park Master Plan public meeting was held on August 1, 2019. Over 25 citizens and the Parks and Recreation Advisory Board attended. The meeting was held in the Community Development Building located within Chesterfield County Government Center. The proposed master plan will determine the highest and best use of this 77.8-acre events park. Staff explained the planning process which includes Parks and Recreation staff and a Technical Advisory Committee. Site conditions were mentioned to introduce park's natural features and existing assets. Connectivity to the Government Center and the County's Bikeways and Trail Plan was integrated into the presentation. The concept plan includes:

- welcome and events facility with offices
- events area
- equestrian and dog events area
- campground
- maintenance and parking
- community recreation
- neighborhood pocket park
- additional parking and farmers market

Next steps include developing the final master plan, evaluating the economic sustainability of proposed uses followed by cost estimates and phasing plan implementation and funding.
