Department: Utilities – GIS

Program Dates: May 18 – July 24, 2020
20-22 hours per week
\$12.00/hour (undergraduate) \$14.00/hour (graduate)
College Credit Available

Who we are: The Chesterfield County Department of Utilities is a public utility that uses state-of-the-art technology to deliver the highest quality service to its customers. The department provides water service to more than 112,000 customers and wastewater services to 95,000 customers in the county. It works with an annual operating budget of \$73.6 million, employs 303 people, owns one water treatment plant and two wastewater-treatment plants, and controls 24 water-storage tanks and 39 pump stations.

What you will learn: The intern would drive to assigned locations and use survey grade GPS equipment to collect utility assets. Primary work location would be subdivisions and shopping centers where they would target water meters, valves, manholes, and fire hydrants. Intern would only go onto active construction site when accompanied by utilities staff. Valid drivers license is required. Intern would be exposed to weather elements, potential insects and plant allergies should be considered.

The Chesterfield Experience: As an intern in Chesterfield County, you will have an opportunity to meet with county leaders, collaborate with your peers, attend training seminars, and participate in team building exercises to complement what you will be learning in the professional work environment provided by the Utilities Department.

Minimum Qualifications: Candidates must be enrolled as current undergraduate or graduate students and have a minimum grade point average (GPA) of 2.8. Candidate who is seeking a career in surveying, geography, GIS or drafting. Any ESRI product experience, Trimble produce experience, and/or CAD experience would be beneficial.

For consideration of this opportunity, candidates must complete the application requirements listed on our website at www.chesterfield.gov/internships by **February 21, 2020**.
