Dog Agility Classes

- Introduction to Agility Workshop**
 Discover some of the foundational ground work games that will teach body awareness, balance, and impulse control. Dogs will be introduced to low beginner obstacles. Dogs must be dog and people-friendly and be familiar with the basic cues of sit, down, come, and stay. Proof of up-to-date rabies, distemper, and parvo vaccinations required. For dogs 18 months and older and their handler. Handlers under 18 years must be accompanied by an adult. Minimum age is 12.
 Sunday, Aug. 2, 2-4 p.m. \$20 Course 37299
- Foundational Puppy Agility Groundwork—Level 1**
 Do you have a new puppy that will be training for agility later? Why not give them a head start in that training? Through games and while on-leash, work on simple skills such as following the handler in straight lines and large and small circles. Ladder work, wobble board, and walk the plank will teach body awareness. Also work on strengthening basic skills such as sit, down, come, and leave it. Puppies must be familiar with the basic skill concepts. All puppies must be dog and people friendly. Proof of up-to-date rabies, distemper, and parvo vaccinations required. For puppies 16 weeks-6 months and their handler. Handlers under 18 years must be accompanied by an adult. Minimum age of 12.
 Wednesdays, July 29-Sept. 2, 10:30-11:30 a.m. \$90 Course 37300
