Proposal

The applicant is requesting conditional use to permit a two-family dwelling. Specifically, the applicant plans to convert the basement of the existing single-family home to be used as a second dwelling to accommodate family members and guests.

The following provides an overview of these proposed limitations:

General Overview	
Requirements	Details
Occupancy	Limited to: occupants of principal dwelling; individuals related to them by blood, marriage, adoption or guardianship; foster children; guests; and any domestic help. <i>Condition 1</i>
Record Notice of Occupancy Limitation	Deed restriction to be recorded within thirty (30) days. <i>Condition 2</i>

As conditioned, the use should not adversely affect area residential uses. In addition, two-family dwellings have been approved in other residential areas on similarly situated parcels with no apparent adverse impact.

Additional Utility Comments:

The subject property is located within the mandatory water connection area for new residential development. The existing residential structure is connected to the public water and wastewater systems. Since the proposed 2nd dwelling unit will be located within the principal residence, a separate water and wastewater service connection will not be required.
