

Concession Operation Overview

All short-term, seasonal and some long-term concessions must

- Complete appropriate Concession Permit Application
- Pay appropriate concession fees
- Secure and keep in force adequate Public Liability Insurance naming “Chesterfield County, its elected officials, employees, agents and volunteers and Department of Parks and Recreation” as additional insured for no less than \$1,000,000. Proof of insurance must be provided prior to approval of concession sales.
- All concession operators must participate in a Health Department Food Safety Training class.
 - At least two members of each concession or three members of each athletic association must be in a valid training status.
 - Food safety training expires after three years and must be renewed.
 - Concession Permit Application requests the names of Concession Operators and their Food Safety Training Expiration Dates.
 - The Health Department will provide Parks and Recreation with rosters of training attendees.
 - While not a requirement for those long-term concessionaires who have a health permit, it may be beneficial to your operation.
- If an organization requests more than one concession operation, additional training of staff may be needed so that each concession will have two trained operators.
- The county will process no concession permits unless all requirements for concession operations have been satisfied.

Food safety training classes

Will be held at the Chesterfield County Health Department (9501 Lucy Corr Circle, Chesterfield, VA 23832) in the 2nd floor training room from 6-8 p.m. There is no fee for this course.

To register for a class, please contact the Environmental Health Office at 748-1782.

If you have questions concerning the training, please contact the Environmental Health Supervisor at 748-1696.
