

**Don't wait -  
update!**

**Get clicking!** *Update now before you become a victim* of hackers exploiting operating-system or software weaknesses. If you use Windows XP, update or replace it. Microsoft no longer provides free security or performance support for that operating system.

### ***What to update:***

- Operating Systems, including Windows XP, Windows 7, Windows 8, etc.
- Update Anti-virus and Anti-spam signatures
- Microsoft Office and related software, including Word, Excel, Outlook, PowerPoint, Publisher, etc.
- Internet Browsers, including Internet Explorer, Firefox, Safari, and Chrome
- Adobe products, including Adobe Reader, Adobe Acrobat, Flash and Shockwave
- Media Players, including Windows Media Player, QuickTime, Real Player and Flash Player
- Java
