

Secure Shopping

Get clicking! *Avoid scams and fraud during the holidays.*

Cyber Monday and other online sales can save you time and money, but also may leave you vulnerable. Learn important dos and don'ts:

- Secure your computer and mobile devices with strong passwords.
- Shop with merchants you know and trust.
- Shop sites with encrypted pages that are identified as https. The "s" indicates it is secure.
- Do not use public computers or Wi-Fi for your online shopping.
- Review privacy policies.
- Pay by credit card, not debit card.
- Print or save your transaction records, including the product description and price, the online receipt, and the emails to and from the seller.
- Do not respond to pop-ups. Click control, alt, delete to exit pop-ups.
- Never provide financial or personal information via email or text.

Together, we can make a difference!
