Summary of Proposal

The applicants are requesting a conditional use to permit a home occupation (automobile towing service) with two tow trucks incidental to a dwelling in the Agricultural (A) District. The applicants currently operate an automobile towing service from the dwelling. The applicants are the only employees of the business and do not propose to store towed vehicles at the property. The applicants have a contract to tow vehicles for the Chesterfield Police Department and are required to respond to calls within a limited time frame. The applicants are requesting to have two tow trucks stored at the property to ensure that there is a tow truck in working condition in order to respond to request for towing from the Police Department. The proposed trucks will be parked over 150 feet from Branders Bridge Road with minimally visibility from the right of way and adjacent properties.

Recommendations

STAFF - APPROVAL

With the imposition of the conditions contained in this staff report to limit the use to the applicants and restrict the vehicle parking location, this use will have minimal impact on surrounding properties.
