### Young Rembrandts Fall Art Fun

These drawing lessons encompass a fascinating world of color, pattern and design. Students ages 6-12 will strengthen their marker-rendering skills as they draw a detailed gumball machine. A drawing of a sandwich will make them hunger for more art. Travel back in time to the age of the pharaohs and illustrate a decorative, Egyptian headdress. An illustration celebrating the fall season will introduce colorists to warm and cool colors. Classes held directly after school September – December at various elementary school locations. Individual program flyers will be distributed to students in the host schools. The \$75 course registration fee includes all materials and supplies.
