Diaper Drive in March

FOR SOME FAMILIES, even providing necessities like diapers and wipes can be a challenge.

Chesterfield-Colonial Heights Families First, a program of Chesterfield County's Department of Mental Health Support Services, will hold a diaper drive during the month of March. The drive supports first-time parents enrolled in the Families First program. In addition to disposable diapers, pull-up diapers and diaper wipes also are being collected.

Drop unopened packages at Chesterfield County Public Libraries during regular business hours. For library locations and hours, visit **<https://library.chesterfield.gov/150/Locations-Hours>** or call **751-CCPL**. Diapers also can be dropped off at the Colonial Heights library.
